

# MATRIX VIDEOWALL MOUNTING

## INNOVATIVE DESIGN

The MATRIX Videowall is a modular wall mounting system for video wall installations of any size and features pop-in, pop-out interface arms designed to aid installation and allow access to the rear of the screens for servicing and maintenance. The MATRIX Videowall features a contemporary, lightweight yet incredibly strong design with a high-end aesthetic quality and 8-point micro-adjustment for seamless screen alignment.

## FEATURES

- Universal design suitable for all sized screens up to 50kg (per screen)
- Features pop-in, pop-out function to allow access to the rear of screens for servicing and maintenance and to aid installation
- Can be used in an endless variety of configurations
- Tool-less micro-adjustments at 8 points for seamless display alignment
- Suitable for landscape or portrait mounting
- High-end aesthetic quality
- Safety screws help prevent unauthorised removal of screens
- Ideal for recess mounting video walls
- Arms include locking screw to prevent accidental pop-out of screens
- Cable management included for a neat and tidy installation
- Multiple rail lengths available (rails can also be joined to create larger installs)

Tool-less micro-adjustment at 8 points for seamless display alignment
