

# VIDA2 CONSOLE

## SIMPLICITY

### INNOVATIVE DESIGN

The VIDA2 Console fulfills the basic needs of the operator while striking a balance with economic efficiency. Simplicity is the ultimate sophistication.

### Unlimited Customizability

Utilizing a single basic modular system, the VIDA2 Console offers flexibility and options for customization limited only by imagination

### Contemporary Aesthetics

The use of high quality materials and finishes ensures a distinguished appearance that stands out from the rest.

# ACHIEVE MORE WITH LESS

## Ergonomic Design

Designed with the human operator in mind, the VIDA2 Console delivers optimized comfort to the user in the mission critical environment.

## Robust Construction

The VIDA2 Console utilizes a revolutionary modular system constructed with recyclable gauged sheet steel and precision aluminum extrusions for durability and strength.

## Natural Ventilation

Heat generated by equipment in console systems is a common problem; the VIDA2 Console provide a solution: maintenance free ventilation.

## Custom Finishing

The VIDA2 Console offers a wide variety of exterior designs and finishes to match your mission critical facility.
